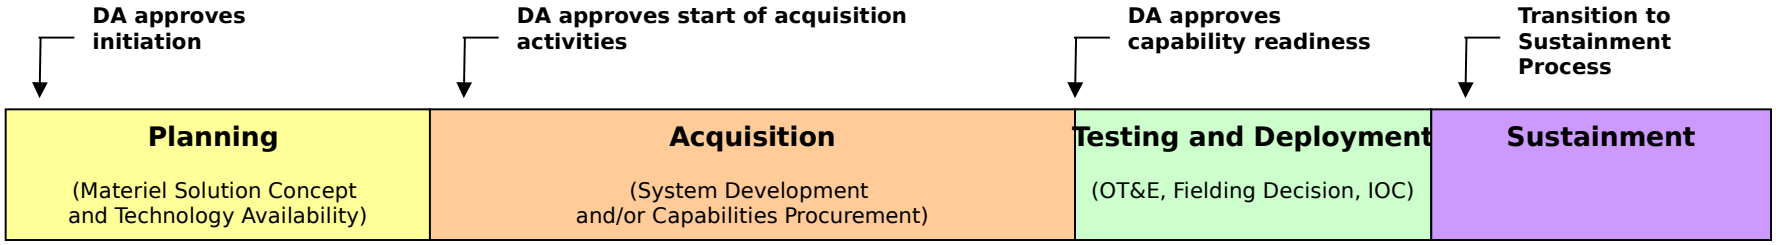
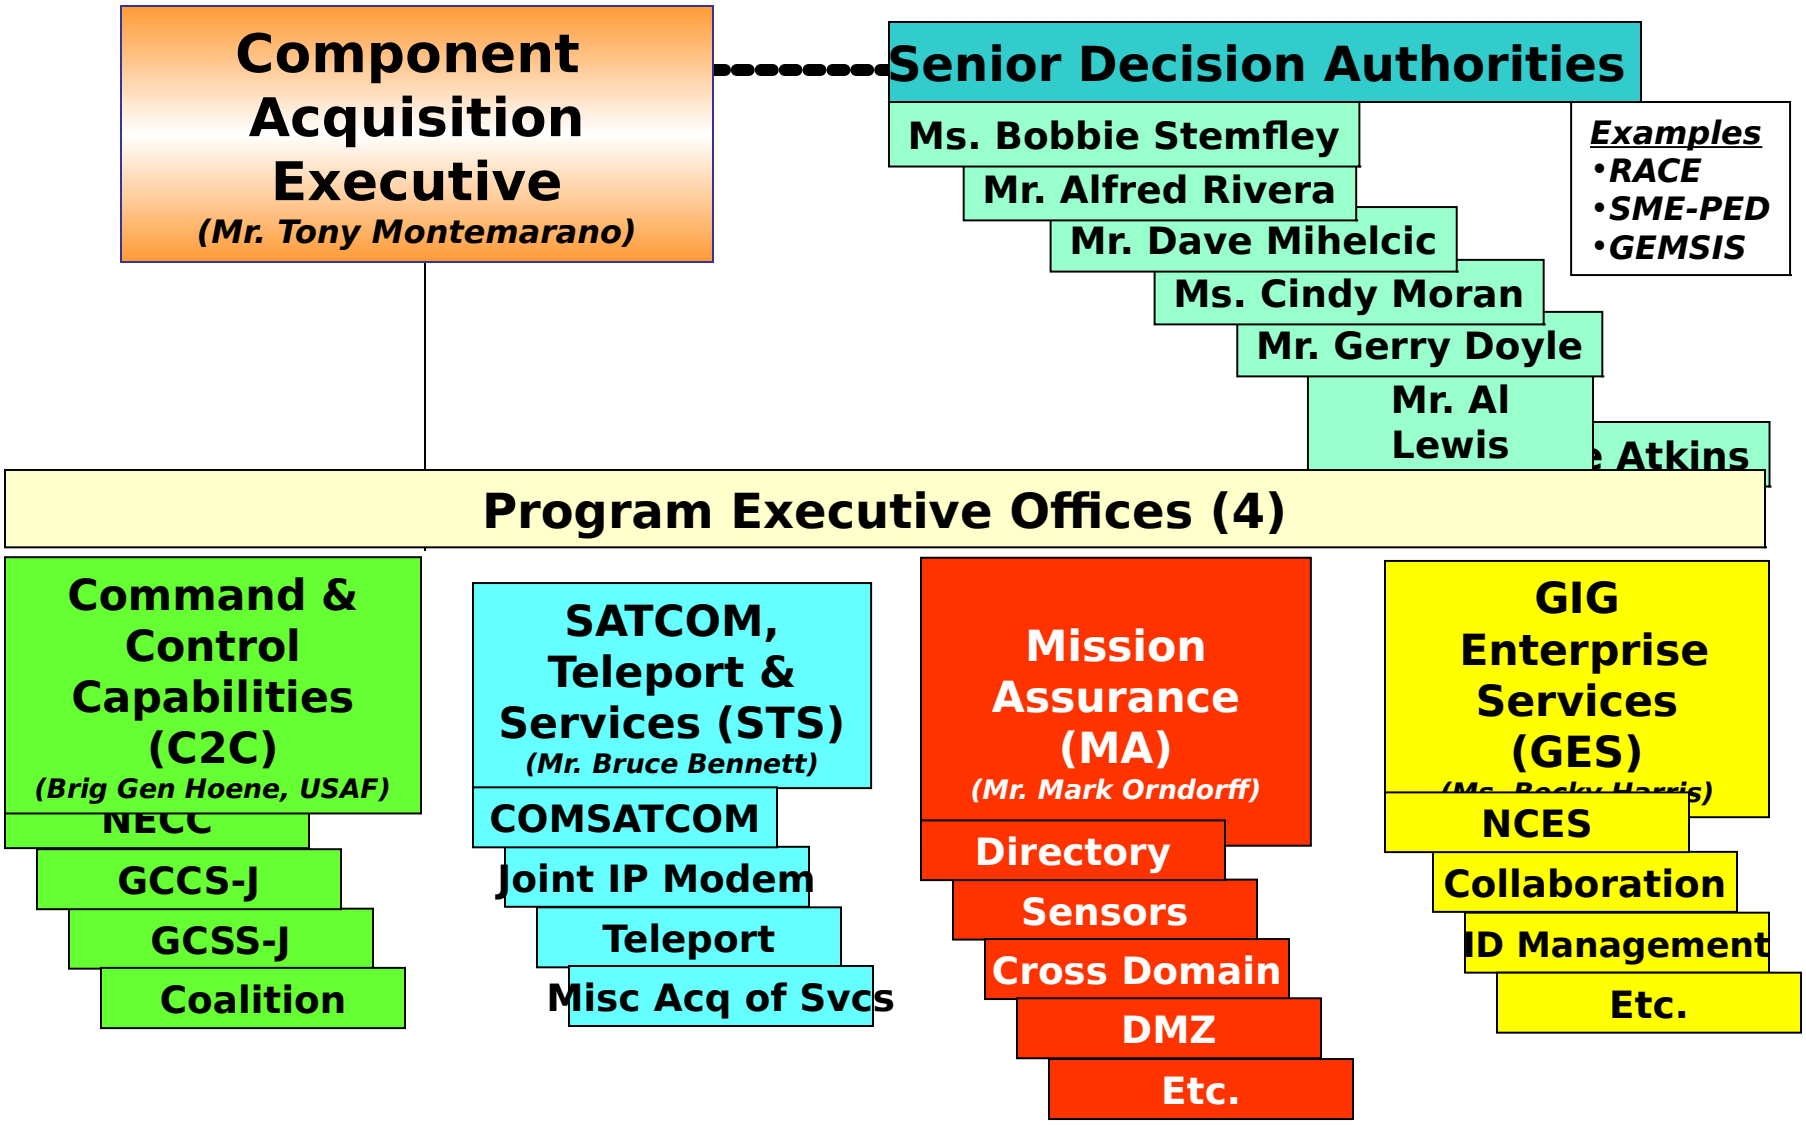
(e.g. FCSC, GSM, etc.)

~ 50 Small Programs

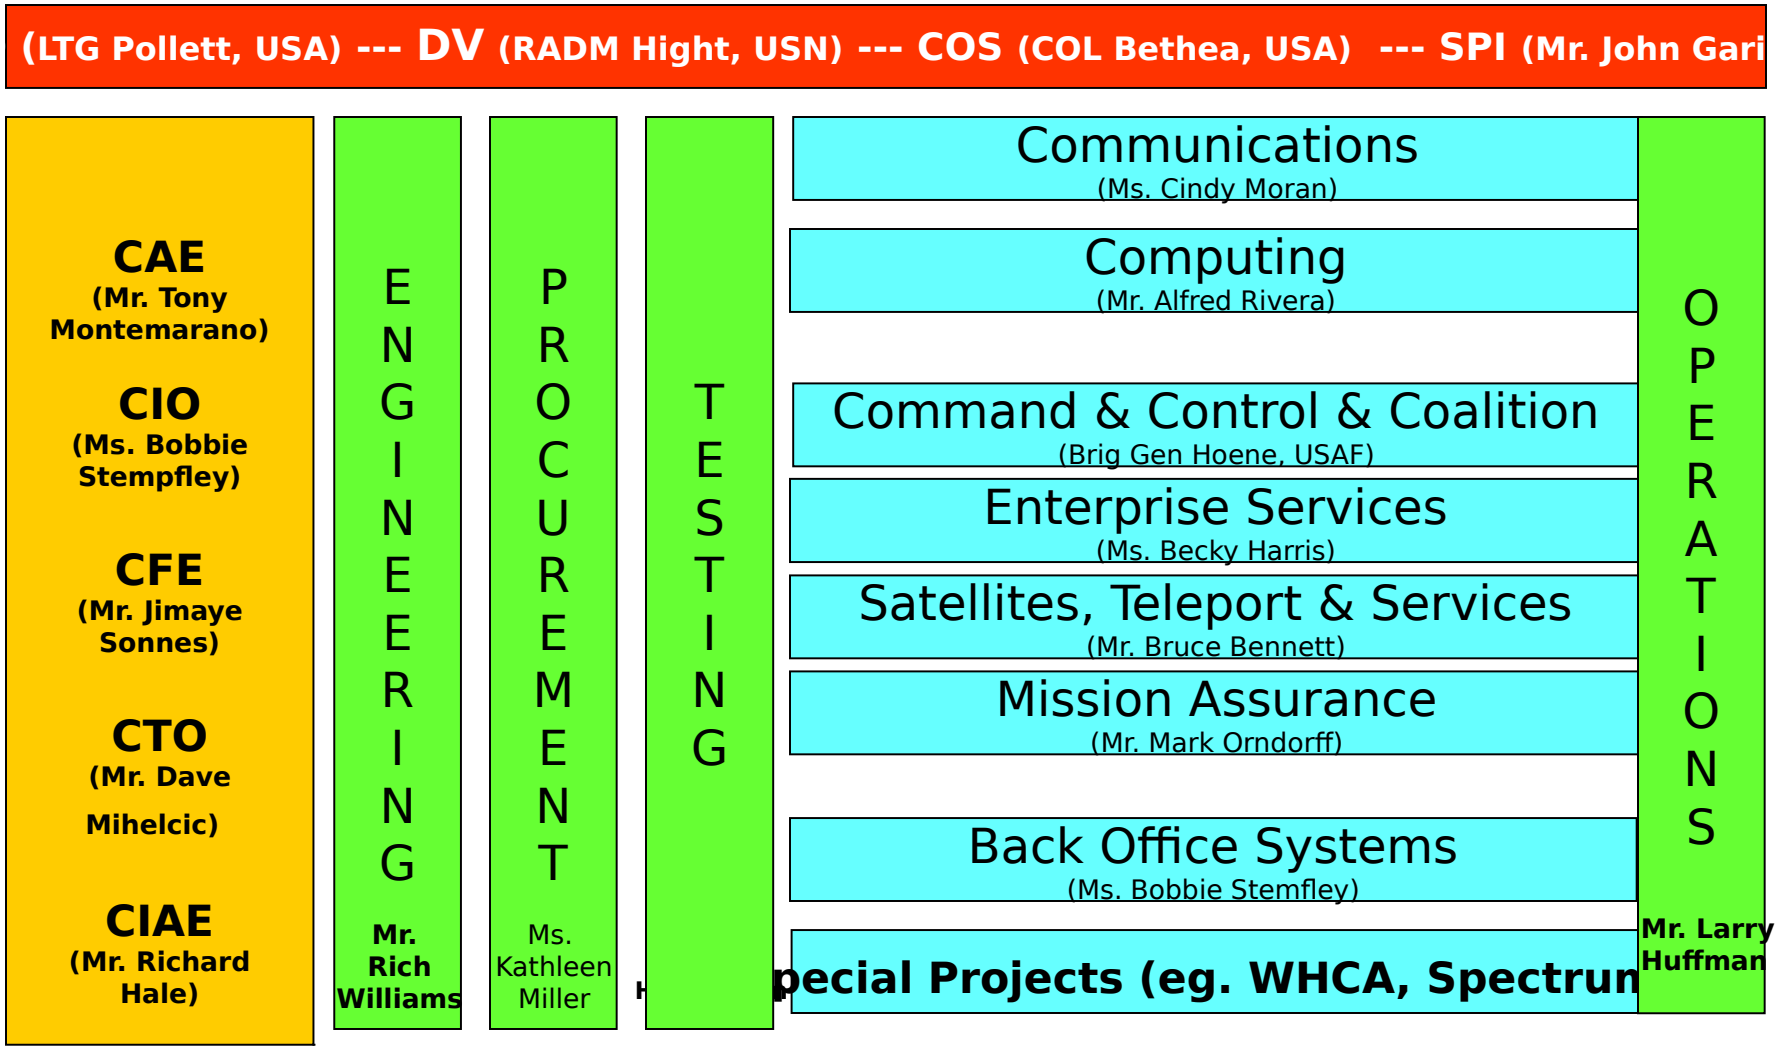


(e.g. JIPM, SME-PED, etc.)

Acquisition Organization

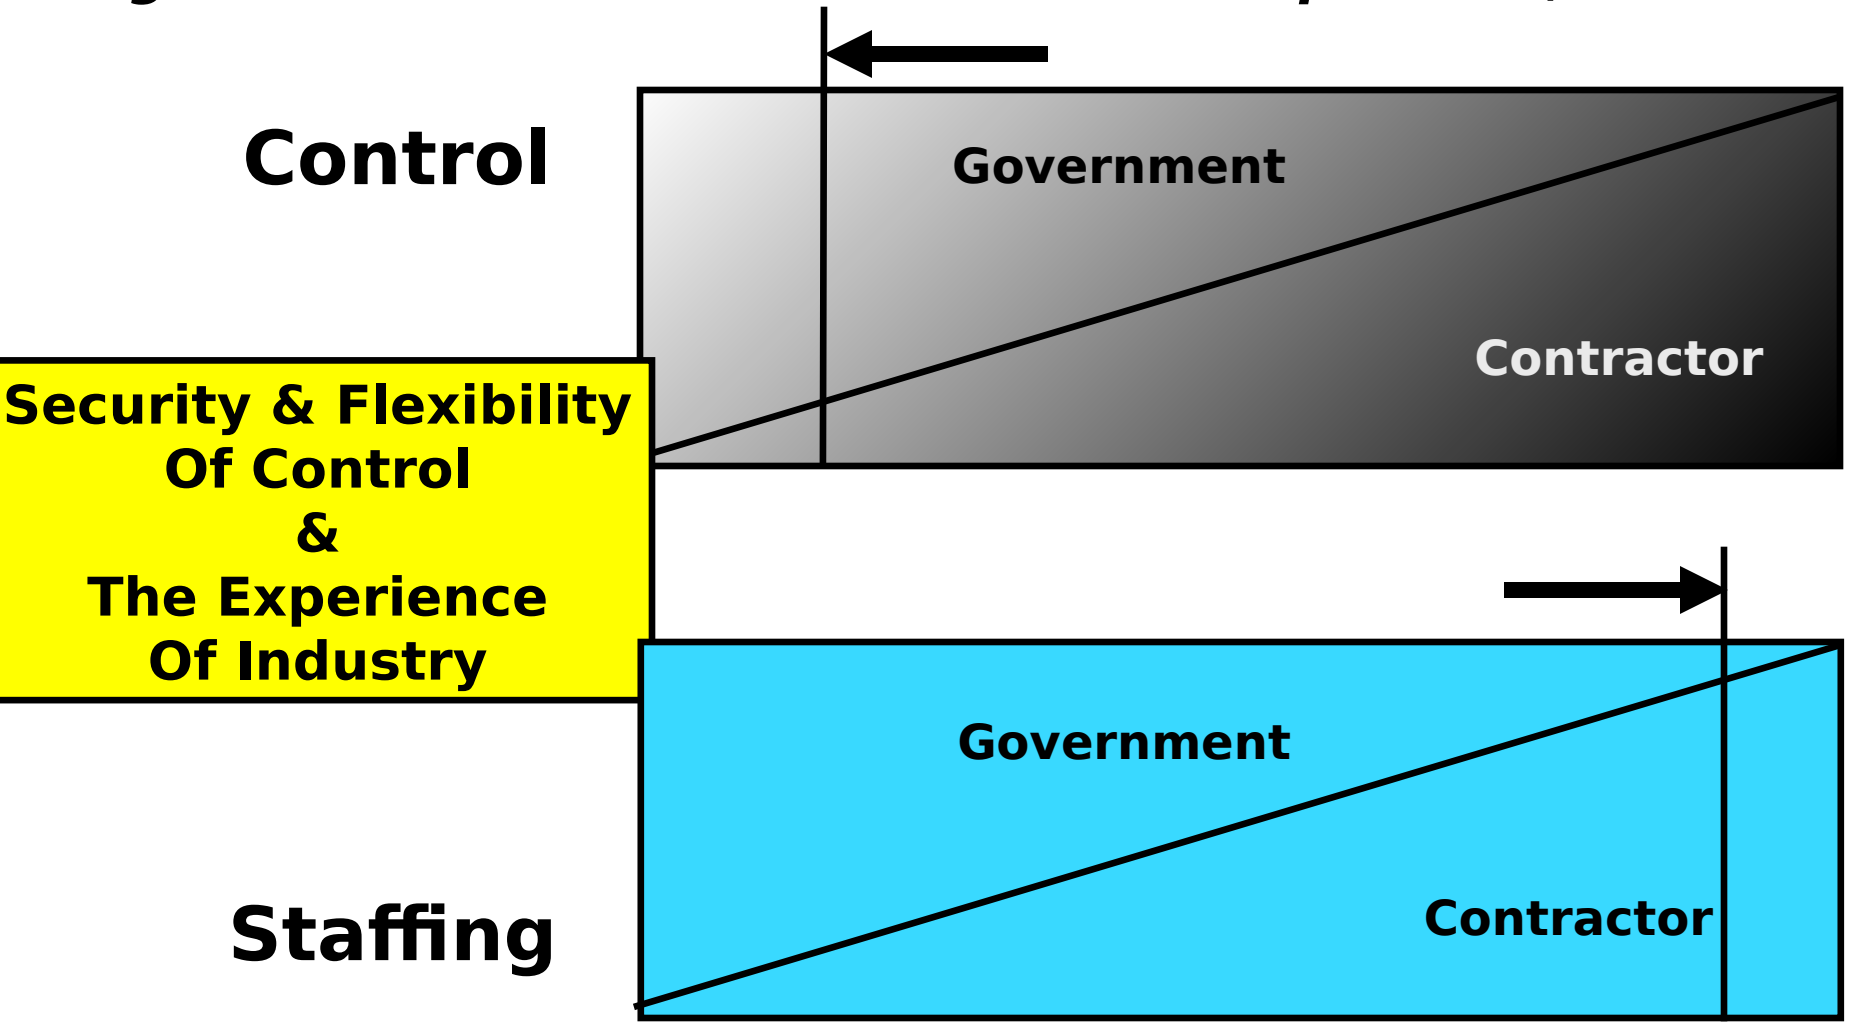


Internal Relationships



DISA Industry Relationshi

Regardless of what you may think you've heard, given Information Assurance and NetOps focus, in the long



Our Contracting Strategy

Given statutory and regulatory boundaries,

Like water…

We tend to take the path of least resistance

Thus…
e will exploit existing contracts to the maximu
extent possible

Having said that…"Time and Materials" Contracts
be pursued ONLY when there is no better alternative

Summary

Contracting Environment is Changing

-- Understand the Environment

We can't be successful without industry
